

## Francesco Lembo

### Project Manager

#### At ACR+

Francesco Lembo is a Project Manager at ACR+, specialised in trainings and project management. He is currently in charge of a wide range of projects tackling various issues linked to material resource management with a focus on capacity-building (**RE4**, **LIFE FUTURE**, **LIFE TACKLE**, **BLUEISLANDS**, **CYCLE**, **SWIM-H2020**).

#### Background

Francesco holds a Degree in Historical sciences, Politics and International Relations. He has over ten years of experience in project cycle management, supporting public administrations, SMEs, employers' associations, NGOs and universities in the design and management of national and international multistakeholder projects. Francesco has a strong experience in campaigning and training organisation, in particular working several years as a consultant for the Italian Ministry of Education.

**Languages: Italian, English, French**
