TABLE OF CONTENTS

INTRODUCTION	10
---------------------------	----

CHAPTER 1

What's new about prevention within the new waste framework directive?

1.1. New legal concept.....	13
1.1.1. Prevention scope	13
1.1.2. Differentiation in waste prevention	13
1.1.3. Focus of this guide	14
1.2. New legal waste hierarchy	14
1.3. The scope of the first levels of the hierarchy.....	15
1.3.1. Strict avoidance.....	16
1.3.2. Reduction at source	16
1.3.3. Reuse.....	16
1.3.4. Preparing for re-use	16
1.3.5. Grey zones for specific situations.....	16
1.4. Obligation of waste prevention programmes.....	17
1.4.1. A true obligation	17
1.4.2. Waste prevention programmes procedure	17
1.4.3. EC Support.....	18
1.4.4. Waste prevention programmes content.....	19
1.4.5. Agenda.....	20
1.4.6. Examples of waste prevention measures:.....	21

CHAPTER 2

Quantitative benchmarks for waste prevention: what are we talking about?

2.1. What are the legal requirements?	24
2.2. What is the rationale behind “waste prevention benchmarks”?	25
2.3. Upstream versus downstream benchmarking	25
2.3.1. Ecological rucksack.....	26
2.3.2. The carbon balance.....	28
2.3.3. Ecological footprint	28

2.4.	Qualitative and/or quantitative benchmarks ?	28
2.5.	Why do we need quantitative prevention benchmarks ?	29
2.6.	How to quantitatively measure waste prevention ?	30
2.6.1.	Some national quantitative references	31
2.7.	ACR+ promotes a quantitative benchmark of “100 kg less waste per inhabitant”	32
2.8.	“100 kg less waste per inhabitant” in relation with 5 specific waste categories.....	34
2.9.	CO ₂ reductions & costs savings as complementary benchmarks	35
2.9.1.	Waste prevention = less CO ₂	35
2.9.2.	Waste prevention = costs savings.....	36

Introduction to Chapters 3 to 7.....39

CHAPTER 3

Quantitative benchmarks for bio-waste

3.1	Introduction	43
3.1.1.	Definitions	43
3.1.2.	How does bio-waste impact?	43
3.1.3.	CO ₂ impacts of bio-waste.....	44
3.1.4.	Quantitative flows of bio-waste.....	44
3.2.	Bio-waste prevention strategies	45
3.2.1.	Green scaping.....	45
3.2.2.	Smart gardening.....	47
3.2.3.	Act against food wastage	50
3.2.4.	Home and Community composting	55
3.2.5.	On-site institutional composting	59
3.3.	Summary.....	63

CHAPTER 4

Quantitative benchmarks for packaging waste

4.1. Introduction	67
4.1.1. Definitions	67
4.1.2. How does packaging waste impact?	67
4.1.3. CO ₂ impacts of packaging waste.....	69
4.1.4. Quantitative flows of packaging waste	69
4.2. Packaging waste prevention strategies	71
4.2.1. Encouraging refillable/returnable packaging	71
4.2.2. Promoting tap water	74
4.2.3. Encouraging reusable bags.....	77
4.2.4. Fighting excessive packaging	81
4.3. Summary	86

CHAPTER 5

Quantitative benchmarks for paper waste

5.1. Introduction	90
5.1.1. Definitions	90
5.1.2. How does paper-waste impact?	90
5.1.3. CO ₂ impacts of paper-waste.....	91
5.1.4. Quantitative flows of paper-waste	91
5.2. Paper waste prevention strategies	93
5.2.1. Reducing unwanted and unaddressed mail	93
5.2.2. Encouraging dematerialisation through Information & Communication Technologies (ICT)	96
5.2.3. Reducing kitchen, tissue and bathroom towel paper.....	104
5.3. Summary	106

CHAPTER 6 Quantitative benchmarks for selected bulky wastes

6.1.	Introduction	110
6.1.1.	Definitions	110
6.1.2.	How does bulky waste impact?	110
6.1.3.	CO ₂ impacts of bulky waste	112
6.1.4.	Quantitative flows of bulky waste	113
6.2.	Bulky waste prevention strategies	114
6.2.1.	Promote clothes and other textile waste prevention	114
6.2.2.	Promote furniture waste prevention.....	116
6.2.3.	Promote Waste Electrical and Electronic Equipment (WEEE) prevention	119
6.3.	Summary.....	124

CHAPTER 7 Quantitative benchmarks for nappies and other municipal waste

7.1	Nappies	127
7.1.1.	Introduction	127
7.1.1.1.	Definitions	127
7.1.1.2.	How do disposable nappies and incontinence pads impact?	127
7.1.1.3.	CO ₂ impacts of disposable nappies and incontinence pads.....	128
7.1.1.4.	Quantitative flows of disposable nappies and incontinence pads	128
7.1.2.	Disposable nappies waste prevention strategies	128
7.1.2.1.	Swap to reusable nappies	128
7.1.3.	Summary	132
7.2.	Other municipal waste	133
7.2.1.	Introduction	133
7.2.1.1.	Definition	133
7.2.1.2.	Environmental impacts	133
7.2.1.3.	Quantitative flows of “other municipal waste”	133

www.acrplus.org

7.2.2. “Other municipal waste prevention strategies”	133
7.2.3. Summary	137

CONCLUSION

8.1. Conclusions.....	140
8.1.1. Challenges	140
8.1.2. Opportunities.....	141
8.2. Follow up mechanism	142
8.3. Tips for replication	142
8.3.1. Program Planning	142
8.3.2. Policies.....	143
8.3.3. Education	143
8.3.4. Constant reminders.....	143
